

RK ENERGY GROUP

"The size of your energy bill is your business, reducing it is ours."

Comprehensive Energy Solutions for Large Commercial Venues, Institutions & Properties

Wholesale Electricity & Natural Gas Rates

Secure competitive pricing through leading suppliers while optimizing long-term energy procurement strategies.

Lighting & Equipment Upgrades

Expert handling of projects that improve efficiency, modernize infrastructure, and reduce operating costs.

EV Charging Infrastructure

Transform parking assets into revenue-generating charging solutions while supporting future growth initiatives.

Grant & Rebate Access

Identify, secure, and maximize available utility incentives, rebates, and funding opportunities.

Why Partner With RK Energy Group?

- ✓ Proven expertise across national energy markets
- ✓ Pay the lowest electricity and natural gas rates
- ✓ Tailored solutions for large venues and commercial properties
- ✓ Utility rebate and incentive optimization
- ✓ Turnkey project coordination
- ✓ Measurable operational and financial value
- ✓ Long-term partnership approach

Lighting & Infrastructure Upgrades

Our team specializes in comprehensive lighting retrofit projects for large venues, hotels, retail complexes, and institutional facilities.

We manage every phase of the process—from assessment through installation—while helping organizations maximize available utility rebates and accelerate return on investment.
